

**Basildon and Brentwood
Clinical Commissioning Group**

**Brentwood Community
Hospital
Shuttle Bus Service**

NHS Basildon and Brentwood CCG are working to transform the health and social system to meet the challenges of the future.

Working with Brentwood Community Transport a solution to keep the service in place has been found.

- The route has been amended to fit the demand for Warley residents and after careful analysis the service will now serve the Hutton area.
- Timings of the service have been adjusted to fit demand.
- If you hold a valid concessionary bus pass you will receive free transport.
